## 1917, Allenby, and Prophecies

**Isaiah 31:5** – “*Yahweh All-Powerful will defend Jerusalem like birds flying over their nests. He will defend and save it; he will ‘pass over’ and save Jerusalem.*”

In 1917 the British government sent General Edmund Allenby to capture Jerusalem. One of the first things his troops did was to build a canal from the Nile River in Egypt east into Palestine. This was thought by the Turkish Arabs to be a fulfillment of one of their prophecies, which reads: “*Not until the Nile flows into Palestine, shall the Turk be driven from Jerusalem.*”

Allenby also wrote pamphlets and had them dropped over Jerusalem from the newly invented airplanes, thus fulfilling **Isaiah 31:5**. The pamphlets he had written were translated into Arabic, and he signed his name which read Allah Nebi in Arabic. Translated, this means “God’s Prophet”.

The Arabs had another prophecy that taught that God’s Prophet would one day take the control of Jerusalem away from them in 1335, according the prophecy book titled: *Light For the Last Days*. This happened on December 9, 1917 – on the first day of Hanukah! The year 1335 in the Mohammedan Hegida (lunar year) was the equivalent of 1917 in the Christian solar year! (pgs 177-178).

## Q & A -----

**Psalm 147:2-3** – *“Yahweh is rebuilding Yerushalayim, gathering together the exiled people of Israel, healing broken hearts, and binding up their wounds.”*

# Israel In Prophecy

***The Rebirth Of Israel: Isaiah 66:8*** — *“Who has heard such a thing? Who has seen such things? Shall the earth be made to bring forth in one day? Or shall a nation be born at once? For as soon as Zion travailed, she brought forth her children.”*

Israel was born in a day on May 14, 1948. No other nation has been resurrected in such a manner, and particularly not in their ancient location.

Britain was the primary nation behind the Jews being able to return to the land. Is it just coincidence that the distance between what is believed to be the cornerstone of the Holy of Holies on the Temple Mount and the London Stone at the center of London is 1948.4 nautical miles?

What is the key to understanding end time prophecy?

## Israel Is The Key To End Times Prophecy

- The conflict between the Hebrews and the Arabs began with Isaac and Ishmael, the sons of Abraham.
- For a time it escalated between Jacob and Esau, until they made peace, but then continued through out the Old Testament as Arabs and Hebrews contested each other.
- It has become a Jewish/Christian versus Moslem/Islamic conflict after Mohammed initiated Islam around 633AD.
- The real battle has always been a spiritual one.

Israel is that “fig tree” that is to be watched!

**Matthew 24:32-34 — “From the fig tree learn its lesson: as soon as its branch becomes tender and puts forth its leaves, you know that summer is near. So also, when you see all these things, you *know* that he is near, at the very gates. Truly I tell you, this generation will not pass away until all these things have taken place.”**

**Israel is that “fig tree” that is to be watched!**

Yahweh is obviously bringing the world to His prophesied conclusion, and fulfilling his promises to Abraham and his descendants that He made thousands of years ago. And Israel still has the task of being a light to the Gentiles to complete: Revelation 7:3-8 speaks of the 144,000 witnesses that will be taken from every tribe. Our task is to be aware of the signs of the times. Watch Israel, for Israel is the key to Yahweh’s timetable.

The word know, γινώσκω ginoṣkō [G1097], is a prolonged form of a primary verb; to “know absolutely”. It means: to allow, to be aware (of), to feel, to (have) known, to perceive, be resolved, be sure, to fully understand.

## The Fig Tree and All the Trees

Yahweh is obviously bringing the world to His prophesied conclusion, and fulfilling His promises to Abraham and his descendants that He made thousands of years ago. And Israel still has the task of being a light to the Gentiles to complete: Revelation 7:3-8 speaks of the 144,000 witnesses that will be taken from every tribe. Our task is to be aware of the signs of the times. Watch Israel, for Israel is the key to God's timetable.

Throughout scripture, both nations and individuals are symbolized as trees. **Judges 9:8-16** uses trees to describe Abimelech and the houses of Jerubbaal and Millo, Jotham, and the people of Shechem. **Daniel 4:10-28** uses the image of a tree to represent Nebuchadnezzar. **Daniel 10:33** talks of Assyria as the top boughs of a tree. **Isaiah 55:12-13** uses tree imagery to depict the many peoples who will clap their hands with joy when the thorns and briers become fir and myrtle trees at His coming. **Ezekiel 31:3-15** depicts Assyria as a cedar tree, and the other nations as fir, chestnut, and other trees. **Zechariah 11:1-4** repeats this theme, also depicting Assyria (Lebanon) as a cedar trees, and the peoples of Bashan as oaks. **Ezekiel 17:1-24** calls Babylon a cedar tree that spreads itself out like a willow tree.

In order to understand the time of His imminent return, one must first determine who that fig tree represents. **Hosea 9:10** states that the patriarchs are the firstfruits of the fig tree. **Joel 1:6-7** tells us that Israel is the ruined fig tree whose bark has been stripped ethnically, nationally, and geographically. **Jeremiah 24:2-8** states that the good figs are those Jews who went into captivity, and the bad figs those Jews who rebelled against the Babylonians or who went down to Egypt.

**Luke 13:6-9** expounds upon the vineyard spoken of in **Isaiah 5:1-7**. Luke tells us that the fruit is from the fig tree in the vineyard (see especially verse 7). In **Matthew 21:19**, Yeshua curses the fig tree. In this passage, the fig tree specifically is a representation of the Jewish leadership from whom He had expected to find some fruit after three years of teaching in the Temple, but also has the wider representation of the nation of Israel and the land of Israel as well, which forty years later began to wither and die. Both the nation and the land remained dead until the Jews began to return in the early 1900s.

**Luke 21:29-31** – *Look at the fig tree and all the trees; as soon as they begin to bud you know that summer is and the kingdom of God is already near.*

Luke speaks of both the fig tree and all the trees. These trees represent both Israel and the Arab and Persian nations that sprouted up at about the same time, after the fall of the Ottoman Empire in 1917: Afghanistan 1919, Egypt 1922, Saudi Arabia & Iraq 1932, Iran 1935, Lebanon 1943, Syria & Jordan 1946, and Israel 1948. The United States established diplomatic relations with Egypt in 1922 following its independence from protectorate status under the United Kingdom, but it wasn't until 1952 that the Egyptian revolution made Egypt a republic and the British advisers were expelled. Still, in 1922 Egypt had begun to put forth its buds, along with all the other Arab, Jewish, and Persian states.

And are not these the nations that are constantly in daily news reports at this time? Are not these the very same nations listed in Psalm 83 as those nations that come against Israel to wipe her off the map:

- The Tents of Edom, and Moab, and Ammonites are the Palestinians and Jordanians.
- The Tents of Gebal and Tyre are the Lebanese and Hezbollah
- The Ishmaelites are the Arab Saudis and those from Amalek are the Arabs from the Sinai area.
- The Philistia are the Hamas of the Gaza Strip
- The Hagrites are the Hagarenes, or Egyptians.

Clearly, the generation that has seen both the fig tree and all the trees put forth their branches is our generation.

## Daniel's Prophecy Of Yeshua's First Coming – Daniel 9:25-26

- The authorization to rebuild Jerusalem was issued on March 14, 445 B.C., or Nisan 1, 445 B.C on the Hebrew calendar – Nehemiah 2:1
- At the end of 69 of these weeks Messiah the Prince would be made known to Israel and then be cut off; (the “triumphal” entry on the colt on Palm Sunday) – Zechariah 9:9
- Counting 483 years ( $7 \times 69 = 483$ ) of 360 days each gives us a total of 173,880 days and brings us to Sunday, April 6, A.D. 32, or Nisan 10 on the Hebrew calendar

Artaxerxes issued a decree on March 14, 445 B.C. to rebuild the city of Jerusalem and rebuild its walls, and then on April 6, 32 A.D. Jesus made his triumphal entry into Jerusalem. The math:

445 B.C. to 32 A.D.	173,740
March 14 to April 6	24
Adjustment for Leap Year days	116
Total days elapsed	173,880

Thanks to Dr. Chuck Missler and Dave Hunt for these calculations and insights

## Ezekiel's Prophecy Of The Final Return Of Israel To The Land – Ezekiel 4

- Yahweh told Abraham that his descendants would spend 400 years in Egypt (Genesis 15:13).
- Jeremiah prophesied that the Jews would spend 70 years in Babylon (Jeremiah 25:11-12).
- Ezekiel prophesied that the Jews would finally return to the land forever (Ezekiel 4:3-6).
- The seventy year period ended in 536 B.C. when a small portion of the Jews returned to Palestine and Jerusalem from Babylon, which left a remaining period of 360 years of punishment.
- Since the majority of Jews did not repent scripture states that any punishments previously specified would be multiplied seven times. Therefore the original period of time left, 360 years was multiplied seven times, for a total of 2520 years ( $360 \times 7 = 2520$ ). Leviticus 26:18, 21, 24, and 28

# Ezekiel's Prophecy Of The Final Return Of Israel To The Land – Ezekiel 4

- This period, 2520 years, are Biblical years, not calendar years. To convert to calendar years, we have to multiply the number of years by 360 days, then divide by 365.25 days.

$$\begin{array}{rclcl} 2520 \text{ years} & \times & 360 \text{ days} & = & 907,200 \text{ days} \\ 907,200 \text{ days} & / & 365.25 \text{ days} & = & 2483.8 \text{ calendar years} \end{array}$$

We then must take the date the captivity ended in the Spring of 536 B.C., subtract the number of calendar years, add one year for the missing year zero (0), and this will give us the date of the final end of Israel's captivity.

■ Duration of Captivity (calendar years)	2483.8
■ Babylonian Captivity ends (B.C.)	- 536.4
■ Predicted Return (A.D.)	1947.4
■ Adjustment (for the year 0)	
■ There are not 2 years between 1 B.C. and 1 A.D.	1 year
■ Actual Predicted end of captivity	1948.4
■ Actual rebirth of the Nation of Israel	May 15, 1948

# Daniel's Prophecy Of The Final Return Jerusalem To The Jews – Daniel 5

In Daniel Chapter 5, we read the account of the writing on the wall. This writing contains a dual prophecy. The inscription read: Mene, Mene, Tekel, Upharsin.

The Hebrew verbs, weighed, numbered, and divided, can also be translated as nouns, which then become units of measurement or money. A mene is equal to 1000 garahs, a tekkel worth 20 garahs, and a upharsin worth 500 garahs.

*There will be 2520 garahs (years) between the decree of Darius (Zechariah 1:7-16, and Ezra chapters 5 & 6) granting the Jews control of the Temple Mount and a future control of the Mount. The decree was made on August 25, 518BC. 2520 years later brings us to June 7, 1967, the day that Jerusalem was recaptured!*

This period, 2520 years, are Biblical years, not calendar years. To convert to calendar years, we have to multiply the number of years by 360 days, then divide by 365.25 days.

$$\begin{array}{rclcl} 2520 \text{ years} & \times & 360 \text{ days} & = & 907,200 \text{ days} \\ 907,200 \text{ days} & / & 365.25 \text{ days} & = & 2483.8 \text{ calendar years} \end{array}$$

We then must take the date the Decree of Darius is issued in 518 B.C., subtract the number of calendar years, add one year for the missing year zero (0) plus another 285 days, and this will give us the date of the final date of Jerusalem's recapture, June 07, 1967.

For as soon as Zion travailed, she brought forth her children.” Israel was born in a day on May 14, 1948. No other nation has been resurrected in such a manner, and particularly not in their ancient location. Truman’s decision to recognize Israel was announced to the world 11 minutes after Israeli Prime Minister David Ben-Gurion declared the nation’s independence.

***The Hebrew Language Is Recovered: Zephaniah 3:9*** — “For then will I turn to the people a pure language, that they may all call upon the name of Yahweh, to serve him with one accord.” The revival of the Hebrew language began in the late 19th century primarily through the efforts of Eliezer Ben-Yehuda and his followers, who created the first Hebrew-speaking schools, newspapers, and other Hebrew-language institutions. In 1982 the Hebrew Language was adapted as one of the official languages of Israel. There are no other examples of an ancient language being revived and then becoming a national language. Every person making Aliyah to Israel must learn Hebrew. Lawmakers have proposed a bill defining Hebrew the sole official language and define Israel as “the national home of the Jewish people.”

***Israel Establishes A Powerful Military: Zechariah 12:6*** — “In that day I will make the clans of Judah like a firepot among pieces of wood and a flaming torch among sheaves, so they will consume on the right hand and on the left all the surrounding peoples, while the inhabitants of Jerusalem again dwell on their own sites in Jerusalem.” The Israel Defense Forces (IDF) consist of Ground Forces, Air Force, and Navy. It is responsible for developing weaponry, either independently or in cooperation with the US, such as on the F-15I jet, the Galil and Tavor assault rifles, the Merkava Mark 4 tank, the Iron Dome laser defense system, and the Arrow II Interceptor anti-missile defense system. The Israel Defense Force is one of the most successful and powerful militaries in the world.

Isaiah 11:11; Isaiah 18:1-7

**Operation Solomon – Isaiah 11:11** “On that day Adonai will raise his hand again, a second time, to reclaim the remnant of his people who remain from Ashur, Egypt, Patros, Ethiopia, ‘Eilam, Shin‘ar, Hamat and the islands in the sea.”

The largest Jewish population to the south of Jerusalem in the mid-20th Century consisted of the Black Jews of Ethiopia. In the late 1980s the Jews of Ethiopia began to feel a tug on their hearts to return to the Jewish homeland. In response, they started migrating to Addis Ababa by the thousands where they camped out around the international airport, demanding transportation to Israel. The government adamantly refused to let them leave, in fulfillment of the prophecy in Isaiah 43:6 which states that the Jews in the south will be held back.

In 1991 the United States and Israel intervened, providing bribes to military leaders. The government then relented and provided a 48 hour window of time for the refugees to depart. The resulting airlift in May was amazing. In just under 36 hours, 14,500 Ethiopian Jews - nearly the entire Jewish population - was flown to Tel Aviv in 40 flights involving 35 aircraft. At one point there were 28 planes in the air at one time. And a world record was set when one El Al Boeing 747, designed to carry about 350 people, was loaded up with 1,086 passengers. This was possible because all the seats had been stripped out of the plane, the Ethiopians weighed very little, and they had no luggage. When that particular plane reached Tel Aviv, there was a total of 1,088 on board because two babies had been born en route!

Can anyone (besides Ken Johnson) name any prophecies that were fulfilled between 2000 and today?

Jews partially blinded until the number of gentiles has come in  
The Euphrates River will be dried up  
A military highway appears across Asia  
*Oil, Gas, Riches will be found below the sand*

Revelation 16:12-14  
Revelation 9:14-15, 16:12-14  
*Genesis 49:25, Deuteronomy 32:12-13, 33:19 & 24  
----- Isaiah 45:3*

**The Desolate Land Becomes Fertile: Isaiah 27:6;** *“The time is coming when Jacob’s descendants will take root. Israel will bud and blossom and fill the whole earth with fruit!”* Professor Daniel Hillel invented the micro-irrigation processes, which carries water through narrow plastic pipes to plants, where it drips or trickles onto the roots in a continuous way, has turned the deserts into a gardens. Irrigation systems have allowed Israel to improve farming and to become one of the largest exporters of citrus fruits, flowers, and other agricultural items, and has revolutionized agricultural and food production practices in over thirty other countries. During the past century, more than 200 million trees have been planted in Israel (**Isaiah 41:18-20**). Volunteers from many countries help in these efforts (**Isaiah 61:45, Zephaniah 2, Ezekiel 36:33-36**). The land of Israel, which had been desolate for centuries, is no longer barren.

**The Sanhedrin will be reconvened: Matthew 24:15-20** In October 2004 the Sanhedrin was reestablished for the first time in 1,600 years during a ceremony in Tiberius on the western shore of the Sea of Galilee and was reconvened in 2005. Since that time all of the utensils and garments needed for Temple worship have been either recovered or remanufactured. Two hundred Kohanim have been identified and are being trained in the proper way to reinstitute animal sacrifices. The temple building itself has be prefabricated and can be rebuilt as soon as permission is given to do so. The breeding program for the red heifer has been established. The Israeli Sanhedrin in 2016 called on Donald Trump and Vladimir Putin to *“join forces and fulfill their biblically mandated roles by rebuilding the Jewish Temple in Jerusalem.”*

**Satellite TV and Communications: Revelation 17:8** Today, Israel is one of the largest exporters of machinery and equipment, software, cut diamonds, chemicals, textiles and apparel. Its primary export partners are the United States, the European Union, Hong Kong, India and Turkey. Microsoft, Cisco, Intel, Motorola and other tech companies have all moved their research development facilities to Israel. Microsoft-Israel developed the Windows NT software. Intel-Israel designed the Pentium MMX Chip. Instant messenger and voice mail programs were developed by Israeli software companies. Motorola-Israel developed the cell phone. Givun Imaging-Israel invented the pill sized ingestible video camera.

What about those last three prophecies about the Euphrates River, a military highway that appears across Asia, and the oil, natural gas, and other riches found beneath the sand?

## Rivers, Highways, Oil and Gas

**The Euphrates River Will Be Dried Up:** The Ataturk Dam on the River Euphrates, in the province of Gaziantep, southern Turkey, completed in 1989 Dam on the River Euphrates, It is the world's fifth largest dam, and is part of the Great Anatolia Project.

**A Military Highway Across Asia:** The Karakorum highway, connecting Afghanistan through central Asia to China – only military allowed to use: Covers an area from eastern Afghanistan to Srinagar in Indian Kashmir. Seventeen inset maps made from new surveys cover towns and cities from Islamabad and Rawalpindi, through Gilgit and Skardu to Hunza, Kashgar and Yarkand.

**Oil, Gas, And Other Minerals In Israel:** A vast deposit of natural gas was located off the coast of Gaza In the late 1990's by the British Gas Group. A smaller deposit was also found in nearby Israeli waters.

In December 2009 the Givot Olam Oil company discovered the Meged oil field, potentially the largest oil field in Israel.

In the same year Noble Energy and its partners discovered the Tamar natural oil field which contained more than 10 trillion cubic feet of natural gas offshore Israel. But even that discovery was dwarfed by Noble's subsequent find of 19 trillion cubic feet of gas at the Leviathan field, some 29 miles to the southwest of Tamar, in December 2010.

## More Oil and Natural Gas

**More Oil, Gas, And Other Minerals In Israel:**

As of May 2010, the U.S. Department of Interior indicated that Israel had massive reserves of natural gas and oil supplies just offshore, lying under the Mediterranean, for a total of about 1.7 billion barrels of recoverable oil and 122 trillion cubic feet of natural gas in the Levant Basin Province!

In 2012, Israel struck oil again, this time off the Tel Aviv coast, including 100 million barrels of oil, worth \$10 billion.

The Pelagic fields cover half a million acres of sea approximately west of Haifa, and drillings indicate 6.7 trillion cubic feet of gas and 1.4 billion barrels of oil.

In October 2015 an Israeli subsidiary of the U.S. company Genie Energy, Afek Oil and Gas, confirmed that it has found large reserves of shale oil in the Golan heights area! This field is said to be 350 meters thick – ten times as thick as most deposits found in other parts of the world. But not only is there oil in this area, Genie Energy has also confirmed that there are large amounts of natural gas as well. This most certainly looks like oil from the solid rock to me, or in other words, a direct fulfillment of **Deuteronomy 32:13**.

*If these turn out to be the largest oil and natural gas finds in the Middle East, then this might explain why Russia and its allies are so determined to invade Israel to “take spoil” or “to carry off plunder” (Ezekiel 38:13).*

# Psalms, Revelations, etcetera . . .

- **Psalms 83** prays to Yahweh to defeat the surrounding nations who want to wipe Israel off the map!
- **Zechariah 12:2-9** tells us that Israel will emerge victorious if war should break out between Israel and the surrounding nations.
- If, after being victorious, they then become complacent and feel they are living securely in the land, that would explain why none of the nations named in Psalm 83 are included among the attackers of Ezekiel 38-39.
- Israel still has the tasks of sealing up vision and prophecy, anointing the Holy Place (**Daniel 9:24**), and of being a light to the Gentiles to complete.
- **Revelation 7:3-8** speaks of the 144,000 witnesses that will be taken from every tribe to be that light.
- **Hosea 3:4-5** — *Israel, after having a long period without a king or leader and no temple or sacrifices, will once again be a nation and will seek God.*
- **Isaiah 31:5** — *Yahweh All-Powerful will defend Jerusalem like birds flying over their nests. He will defend and save it; he will 'pass over' and save Jerusalem."*
- **Nahum 2:4** — *The chariots storm through the streets, rushing back and forth through the squares. They look like flaming torches; they dart about like lightning.*
- **Joel 2:5** — *With a noise like that of chariots they leap over the mountaintops, like a crackling fire consuming stubble, like a mighty army drawn up for battle.*
- **Jeremiah 51:11** — *Sharpen the arrows, take up the shields!*
- **Zechariah 9:14** — *Then Yahweh will appear over them; his arrow will flash like lightning.*
- **Zechariah 14:12** — *This is the plague with which Yahweh will strike all the nations that fought against Jerusalem: Their flesh will rot while they are still standing on their feet, their eyes will rot in their sockets, and their tongues will rot in their mouths.*

**Hosea 3:4-5** — Israel is back in the land. They have a government. And once again, they seek to rebuild the temple and worship the God of Abraham, Isaac, and Jacob.

**Isaiah 31:5** — (We talked earlier about the Allenby prophecies).

**Joel 2:5** — The word used for chariots in Joel is מֶרְכָּבָה merkabah [H4818]. It is interesting to note that the Israelis have developed a tank they call the Merkavah which is designed to leap over the hills and rocks, and shoots a flame when it fires weapons and missiles.

**Jeremiah 51:11** — *Sharpen the arrows, take up the shields!*

**Zechariah 9:14** — *Then the LORD will appear over them; his arrow will flash like lightning.*

The Hebrew literally translated is: Make bright the arrows, gather the shields. The words bright, and arrow are בָּרַר barar [H1305] and חֶטִּי chets [H2671]. The Israelis have developed a missile called the Arrow (Chets) II Interceptor. It looks like a bright arrow or falling meteor when in flight. This could put a new twist on **Matthew 24:29**, which says: "*the stars (shooting stars, meteors) will fall from the sky*".

**Zechariah 14:12** — The United States and Israel have developed a bomb known as the Neutron Bomb. The effects of the bomb are exactly as described in Zechariah 14:12. It destroys bodies but leaves infrastructure untouched.

What is a biblical generation? Can anyone name some generational ties to Israel?

## *120 Years from the First Zionist Congress*

**Joel 2:1** “Blow the shofar in Zion, and sound an alarm in my holy mountain! Let all the inhabitants of the land tremble, for the Day of Yahweh comes, for it is close at hand.”

**Genesis 6:3** “Yahweh said, ‘My Spirit will not strive with man forever, because he also is flesh; yet will his days be one hundred twenty years’.”

**120 YEARS AGO**

**1<sup>st</sup> of ELUL!**

*Joel 2:1 – “Blow the shofar in Zion, and sound an alarm in my holy mountain! Let all the inhabitants of the land tremble, for the Day of Yahweh comes, for it is close at hand.”*

*Genesis 6:3 – “Yahweh said, ‘My Spirit will not strive with man forever, because he also is flesh; yet will his days be one hundred twenty years’.”*

The first Zionist Congress was held in the concert hall of the Basel Municipal Casino on August 29, 1897. It was called together by Theodor Herzl for those who sympathized with Zionist goals as a symbolic parliament. This date, August 29, 1897, is 120 years from Elul 1, 2017.

Consider, to begin with, the most prolific futuristic prophecy in the Hebrew Scriptures — namely, that in the end times **the Jewish people will be re-gathered in unbelief from the four corners of the earth.**

This re-gathering began in the late 19th Century when Theodor Herzl wrote his book, *The Jewish State*, in which he advocated that the time had come for the Jews to return to their homeland. In 1900 there were only 40,000 Jews in Israel. By the end of World War II this number had risen to 800,000. Today, it stands at nearly 6 million. The Jews continue to come, but there is no doubt this is a prophecy that is being fulfilled before our very eyes.

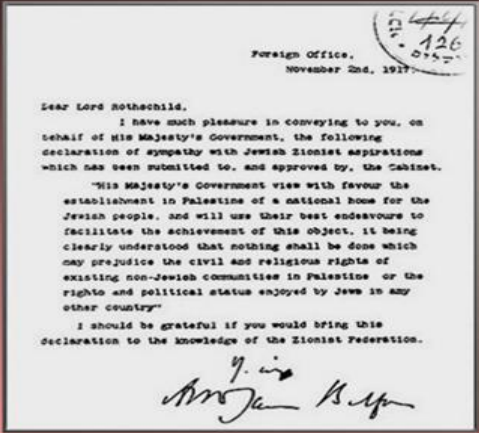

# *100 Years from the Balfour Declaration*

**Genesis 7:11** "In the six hundredth year of Noah's life, in the second month, on the seventeenth day of the month, on the same day all the fountains of the great deep were burst open, and the sky's windows were opened."

**100 Years Ago**  
**17<sup>th</sup> of Cheshvan**

*The Balfour Declaration  
was written on the  
same Biblical Day that  
Noah's Flood Began!*

The Balfour Declaration was contained in a letter from Arthur Balfour, the United Kingdom's Foreign Secretary, to Lord Walter Rothschild, a leader of the British Jewish Community. It was dated November 2nd, 1917, and was to be transmitted to the Zionist Federation of Great Britain and Ireland.

The Balfour Declaration was written on the same day that Noah's flood began – on the 17<sup>th</sup> of Cheshvan on the Biblical Calendar. Our calendar date was November 2, 1917.

The Balfour Declaration of 1917 began the process that allowed Israel to become a nation. Many Jews tried to immigrate to Israel (Palestine), but over time the British (who were in charge of a Mandate government in the region) began to become hostile towards Israel, and purposely instituted policies that made it quite difficult for many Jews to immigrate to Israel.

In 1939, the British government put forth a new White Paper in an attempt to appease the local Arab population. Among other things, the White Paper of 1939 put significant restrictions on the numbers of Jews who would be allowed to immigrate to Israel; for all intents and purposes the White Paper closed the gates to Jewish immigration. Today Britain is no longer the dominant world power.

After World War II, The British, who controlled Palestine, decided to stop Jewish immigration by sending ships loaded with Jewish refugees back to their ports of embarkation in Europe. The first ship to which this policy was applied was the Exodus 1947. The ship sailed from a port in France on July 11, 1947, with 4,515 immigrants, including 655 children, on board. On July 18, near the coast of Palestine a British destroyer rammed the ship and boarded it, while the immigrants put up a desperate defense. Two immigrants and a crewman were killed in the battle, and 30 were wounded. The ship was towed to Haifa, where the immigrants were loaded onto deportation ships bound for France. The French government refused to force them off the boat. Eventually, the British decided to return the would-be immigrants to Germany!

# 70 Years from the UN Resolution 181

**Matthew 24:31-34** “He will send out his angels with a great sound of a shofar, and they will gather together his chosen ones from the four winds, from one end of the sky to the other. “Now from the fig tree learn this parable. When its branch has now become tender, and puts forth its leaves, you know that the summer is near. Even so you also, when you see all these things, know that it is near, even at the doors. Most certainly I tell you, this generation will not pass away, until all these things are accomplished.”

**Psalm 90:10** “The days of our years are threescore years and ten; and if by reason of strength they be fourscore years.”

The United Nations Resolution 181 was signed on September 3, 1947.

UN Resolution 181 called for two independent states to be formed after the end of the British Mandate, one Jewish and one Arab. Israel is that Jewish state, the fig tree, and she bloomed once again, prophetically in 1948, when she became a nation as declared by David Ben-Gurion and ratified by the UN charter. That is when the 70-year time clock began once again to tick for the generation who would also see the Lord’s return.

# *50 Years from the Capture of Jerusalem*

**Zechariah 12:6** “In that day I will make the governors of Judah like a fire pan in the woodpile, and like a fiery torch in the sheaves; they shall devour all the surrounding peoples on the right hand and on the left, but Jerusalem shall be inhabited again in her own place—Jerusalem.”

**50 years**

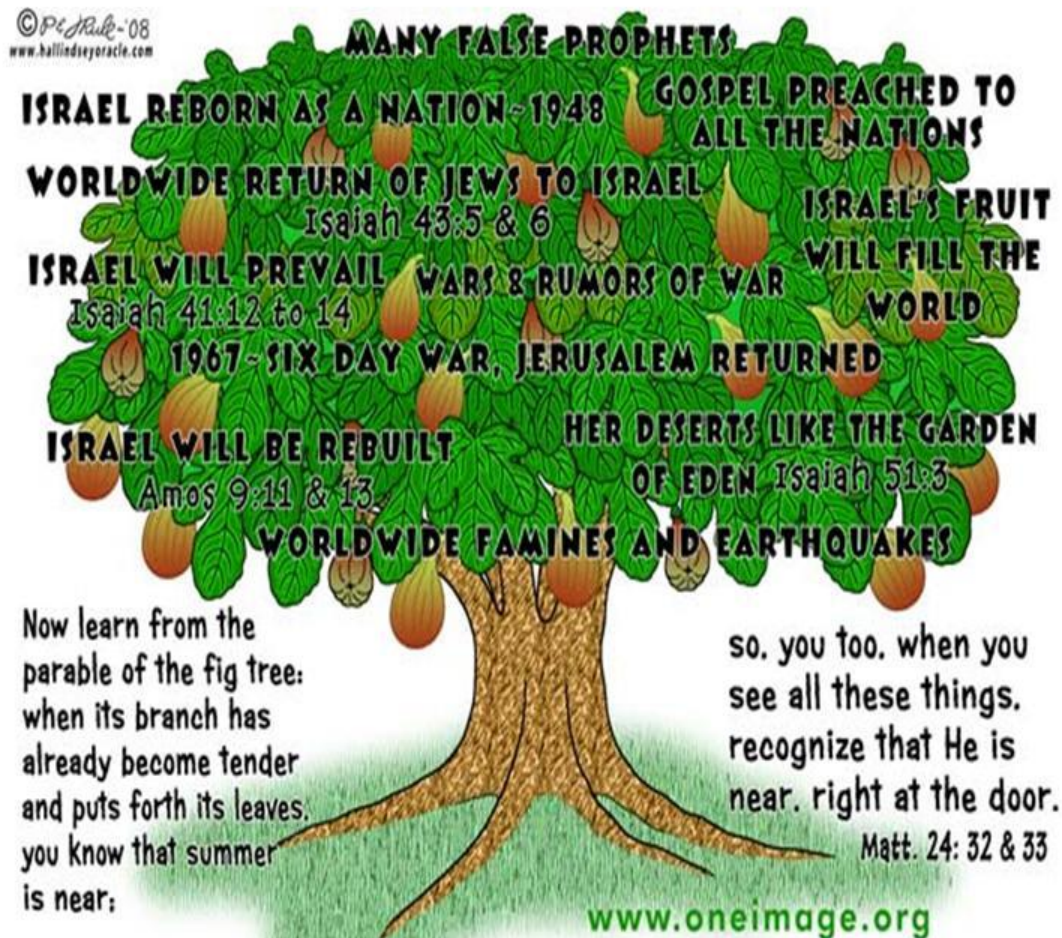

Jerusalem was recaptured in June of 1967.

The liberation of Jerusalem in the Six Day War of 1967 began the countdown for the year of Jubilee. What is the year of Jubilee? It is the definition of property rights and land ownership, the freeing of slaves but more important it is the beginning and end of the generation.

I take you to the definition found in Strong's #1755 and the Hebrew word “dowr” which describes the meaning of the Jubilee as, “period, generation, dwelling, age and habitation.”

If you take the capture of Jerusalem as returned to the Jewish people and the nation of Israel from 1967-1968, adding 50 years, you come to the end of that generation -- that is also the end of the length of a generation according to scripture, and they both fall in the year 2017.

**Matthew 24:32-33** – “*Now let the fig tree teach you its lesson: when its branches begin to sprout and leaves appear, you know that summer is approaching. In the same way, when you see all these things, you are to know that the time is near, right at the door*” (See also Mark 13:28-29; and Luke 21:29-31).
